# 2026 Cola City Homeschool Expo

## Scavenger Hunt

Visit at least 1 booth in each shape's section and collect a check. Complete all sections and turn in your sheet by 4:00 PM.  
We've included a list of questions to get the conversation started!

### ■ Curriculum & Core Learning

- What learning style or philosophy best aligns with your resources?
- Do you have materials for teaching multiple grade levels at once?
- How can a parent sample your curriculum before buying?

### ■ Arts, Music & Creative Outings

- Do classes accommodate beginners, or is prior experience needed?
- How do fine arts benefit a child's core academic development?
- Do you offer group rates or daytime classes for homeschoolers?

### ■ Therapy, Wellness & Consulting

- What are early signs a child might benefit from your services?
- How can parents integrate your strategies into their daily routine?
- Do you offer consultations or screenings to help parents decide?

### ■ Higher Education & Career Coaching

- What can high schoolers do now to stand out on applications?
- How do you evaluate a homeschool transcript or portfolio?
- Do you offer dual enrollment or early college credit options?

### ■ Event Partners & Food Trucks

- What inspired you to partner with the Expo this year?
- How can local families best support your business throughout the year?

### ■ Schools, Academies & Programs

- What does a typical weekly schedule look like for enrolled students?
- How do instructors support parents who want to stay hands-on?
- What social or community opportunities do your students have?

### ■ Sports, STEM & Interactive Clubs

- What age ranges are your clubs or sports leagues designed for?
- How can parents get involved or volunteer with your organization?
- What life skills do kids develop most through your program?

### ■ Local Support & Community

- What resource do you wish more homeschool families knew about?
- How do you help new homeschooling families find their footing in SC?
- Are there upcoming free events your organization is hosting?

### ■ Homesteading, Nature & Animals

- How can families incorporate agricultural learning into science?
- Do you offer hands-on workshops or field trips for homeschoolers?
- What is the best time of year to visit or interact with your programs?
